

Winthrop Utilities District Board of Trustees vacancy

The Town of Winthrop is in search of a resident to serve on the Utilities District Board of Trustees.

The Winthrop Utilities District is a quasi-municipal entity, consumer owned and chartered by the Maine Legislature. The three-member Board is appointed by the Winthrop Town Council, serving three-year terms each.

Board members set policy and approve annual operating and capital budgets. They also set rates and make decisions on all financial matters including any customer abatements and resolution of customer complaints. The Trustees ensure all regulations are complied with and that the District is able to provide the services it is charged to do through its legislative charter.

Regular meetings are usually held once each month on the fourth Tuesday at 6 pm at the District Office, 29 Bowdoin Street.

If you are interested in serving the Winthrop Community as a Utilities District Board of Trustees member, please fill out the board/committee application available at the Town Office or on the Town website - winthropmaine.org/town-clerk and return to dnichols@winthropmaine.org.
